In 1991, the United States of America sent a powerful message of international unity and cooperation to Saddam Hussein by opposing and ejecting Iraq's occupying forces and liberating the peaceful nation of Kuwait. The mission, undertaken by the United States Armed Forces during Operation Desert Storm and Desert Shield was a remarkable example of American leadership, values, and sacrifice in the pursuit of freedom.

In December 2014, President Obama signed the Memorial's enabling legislation. In March 2017, President Trump signed the law authorizing the Memorial to be built near the National Mall in an Area 1 location. In June 2018, a site located in close proximity to the Lincoln Memorial and the Vietnam Veterans Memorial received approval.

The Memorial's design will commemorate the historical significance of Operation Desert Shield and Operation Desert Storm while honoring the service and the sacrifice of the United States of America and Coalition military personnel who liberated Kuwait from Iraq and defended Saudi Arabia and the Arabian Peninsula from further invasion.
